Papers

[71] (with P. Deift) On the decoupling of the finite singularities from the question of asymptotic completeness in two-body quantum systems, J. Funct. Anal. 23 (1976), 218–238.

[123] (with M. Klaus) Coupling constant thresholds in non-relativistic quantum mechanics, III. Long range potentials.

Papers

Conference Proceedings, Summer School Notes, Review Articles
